U. S. POSTAGE
PAID
Blaine, Wash.
PERMIT NO. 16

Flower Fan Friends:

This is our seventh catalogue. Each one has been a little larger, and we hope, a little more helpful, than the one before. In this one you will notice we have added many new items to our lists.

Are times hard? Yes indeed. Going to get easier? Hope so. I am an optimist fatalist or a fatalist-optimist, just as you choose. Anyway, I believe that when Old Man Fate wants to whack your chin he is going to do it. He has taken several lusty whacks at ours; but just because we have to take it is no reason why we should lean forward and stick said chin out for more. Time now to dodge. Must economize, surely; that's why there is nothing fancy about this catalogue—we have saved every cent of expense we could so as to hold up our stock to a high standard and still give you low prices. Look 'em over.

Terms and Discounts

Prices herein quoted are for cash with order or C. O. D. On orders of less than \$1.00 please add 10c for postage. On orders of \$5.00 to \$10.00 you may select extra material to the value of 10 per cent of your order. On orders of \$10.00 to \$25.00, 15 per cent in extra material. Except as otherwise noted, we pay postage. Make up an order among your friends and take advantage of the discount.

I guarantee everything we sell to be grown under my personal supervision and to be as represented. If found otherwise, stock will be replaced; but in common with all reliable nurserymen, I disclaim responsibility for the crop you may grow from anything we send out. This statement is made to protect us from ignorant or careless gardeners—the ones who know how, find our material first class, as is proved by their letters.

Order early before stocks are badly broken and before the rush starts. An extra quantity of "extras" on all orders received before March 15.

Old Customer Dividends

I am always pleased to add a new customer—like to see the business expand—and a new customer is pretty sure to become an old customer. There is a lot of satisfaction in having old customers come back year after year. So much satisfaction that I am going to adopt the plan of declaring "an old customer dividend."

If you sent me an order last year for \$1.00 or

more, you are entitled to this dividend which will be 10 per cent of last year's order in anything you may select from this catalogue, provided, however, that you send an order this year for at least \$1.00. This dividend is in addition to discounts on orders of \$5.00 or more, and is also in addition to the extra material I always send every customer. I hope to make this a permanent feature, so if you are a new customer this year, you will be entitled to the dividend next season.

Remit by money order or check. Be sure your envelope carries a return address. U. S. postal employees are honest, but sometimes letters do go astray. Just apt to be yours with bills or stamps enclosed and we do not like to have to tell folks their letters "went haywire." If you send us an order and do not receive the goods within a reasonable time, write us and give us a chance to straighten it out.

A satisfied customer is our best advertisement.

New Glads Free

Every year we grow thousands of new seedlings. Most of these are no good and are destroyed. Many are fine, but not quite up to the type we want. Far too good to throw away, so we send them free to those who send orders amounting to \$2.00 or more; or we sell them at 50 medium bulbs for \$1.00. Lots of fun getting your friends to identify them by name.

GLADS WERE NICE

"The Glad bulbs received from you last spring were very nice. Enclosed is an order for Peonies and Tulips."—Mrs. S_____, Montana.

Be sure to read Terms and Discounts before sending your order.

Gladiolii

The wonderful improvement made in the size and colors of Gladioli during the past ten years has placed it in front rank favor with garden lovers as a summer and fall bloomer. It is not fussy about soil or climate. Will unfold its beauty in any soil or climate where potatoes can be produced and is most beautiful when cut as the second floret opens, then removed to a vase in the house where it will continue to bloom if given fresh water every day.

Glads like deeply worked soil and should be planted at a depth three times the diameter of the bulb, and a little greater distance apart. For extra early bloom, plant large bulbs; for mid-season to late, medium sizes and for very late, small ones. Cultivate and then cultivate some more. If you have to irrigate, do a thorough job—don't sprinkle. Ours are grown without irrigation and will do well under either condition.

The bulbs will last for years if dug as the leaves of the forest trees turn brown. Cut off the tops close to the bulbs, dry them thoroughly and store where they will be dry and not freeze.

A lady visitor last summer declared we growers do not tell all the truth about Glads, that we always give the good points, and never the other side, and that she thought some of the new ones were not so good as some of those that had been on the market for a long time.

Truth and beauty are relative terms, to one person one thing; and to another, something different. My ideal Glad would face one way and not all around the farm. It would open four to six florets at one time—if it opens more they will fade too quickly to be of much value in bouquet work. Mr. Phipps opens a whole flock of florets, but they are soon gone.

The ideal Glad must have good texture and the color may be anything, provided it is not spotted and blotched like it had some kind of liver disease. It must be reasonably free of disease and strong enough to hold itself up in the garden.

With this idea in mind, I am trying to eliminate all Glads that do not measure up. It will be noticed that I carry many of the old timers like Crimson Glow—they are good.

In addition to those listed, we have small stocks of other varieties and if you are interested in any of them, I will be glad to quote price Frankly, some of these do not meet with our ideal and are being discarded, while others are top notchers of which we have but a few.

All our Glads are treated before shipment.

Most of them do not need treatment but we do not take chances and you can discount disappointment by buying from growers who are not afraid to advertise that they treat their bulbs.

While eastern and central states growers have had to fight thrips during the past two years, we are glad to state that we have never had any in this part of the country. When you plant our bulbs you are not planting the destructive thrip.

Glad Group No. 1

Large bulbs, one and one-fourth inches up, 8c each; five of a kind for 25c; ten for 40c; 50 for \$1.75; 100 for \$3.00; 500 for \$12.00; 1,000 by express, charges collect, \$15.00. Medium sizes at half price and smalls at one-third. Bulblets, per large package, 25c.

Anna Eberius, large velvety purple with deeper throat.

Byron L. Smith, lavender pink on a white ground with shadings of yellow in the throat.

Break O' Day, early, La France pink over a cream ground.

Crimson Glow, one of the best crimsons grown. Try a bed of them for a bright spot. Admired by everyone.

Dorrit, large lavender-pink with rose throat markings.

E. J. Shaylor, ruffled, rose-pink, throat lighter, lower petals penciled deep rose.

Golden Measure, very tall, long spikes of light golden color.

Herada, tall glistening Mauve.

Joe Coleman, rosy red, bright, a favorite.

Los Angeles, called the "cut and come again pink" because of its habit of many times throwing side spikes, shrimp pink.

Mary Pickford, creamy white with sulphur-yellow throat. Most popular early.

Mrs. H. E. Bothen, large ruffled flowers of light pink, with throat blotch of flame-scarlet.

Mrs. Frank Pendleton, Jr., one of the largest, light pinks with large blotch of dark carmine red.

Mrs. Francis King, tall, large, orange-red.

Prince of Wales, early, pastel shades of salmon-pink, scarlet and primrose.

Rose Ashe, large ashes of roses..

Souvenir, another beautiful golden prim, tall and graceful. Blooms well from small bulbs.

Scarlano, soft scarlet, almost black throat, tall and straight.

Scarlet Princeps, or Virginia, brilliant rosy-scarlet, darker in the throat.

Glad Group No. 2

Large bulbs 10c each; five for 30c; ten for 50c; 50 for \$2.25. Medium sizes half these prices and smalls, one third.

Capt. Boynton, large, light pinkish lavender with maroon throat.

Catherine Coleman, large geranium pink on tall spikes.

Copper Bronze, large early prim of copper bronz color.

Dr. Nelson Shook, ruffled, deep tyrian rose.

Dr. F. E. Bennett, often times called the "house afire red." large, brilliant.

Ethelyn, sometimes called a bronze, but really golden yellow of high quality, very large prim.

Giant Nymph, LaFrance pink, creamy throat, very large.

Gold Eagle, deep rich yellow, early, blooms well from all sizes of bulbs.

Golden Dream, the largest and finest late yellow yet developed.

Mrs. Leon Douglas, very large, rose, striped scarlet and sprinkled ruby with lemon lip.

Mrs. C. F. Peters, late, large, open, soft rose-lilac on white ground and deep purple throat.

Nancy Hanks, apricot and orange blended into a striking flower with many open. A prime favorite.

Osalin, coral pink, soft orange in throat, large florets with many open.

Purple Glory, a very deep red, so deep that it looks purple, very large. ruffled.

Richard Deiner, soft LaFrance pink, many open.

Scarlet Bedder, glowing scarlet prim-grand, noticeable in any collection.

Wm. G. Badger, tall pink, similar to Richard Deiner, but a better grower.

Glad Group No. 3

Some of the newer kinds that we can now sell at 10c each; three for 25c or ten for 75c.

Apricot Glow, very popular and it deserves to be. Salmon-pink and apricot of large size.

Emile Aubrun, very large, rich rose, suffused blueish at edges, carmine throat.

Golden Frills, Small, deep yellow with bright red feather.

Gloriana, pastel shades of salmon-pink.

Helen Wills, creamy white, tall, vigorous.

Jacob Von Biergen, tall, rosy purple. Much better than its name.

Mrs. P. W. Sisson, very good, light cream pink.

Persia, a red so dark it is almost black.

Pride of Wanakah, large rose-pink with a deeper blotch.

Spirit of St. Louis, orange tinted red.

W. H. Phipps, LaFrance pink, many open.

Glad Group No. 4

All of these are new varieties and all are good varieties; also, our stocks are limited, so order early.

Aflame, very large flower of begonia rose, 25c each.

Aida, a good blue with deep purplish cast, 25c each.

Alabatros, tall, pure white large floret, of highest quality, 40c each.

Betty Nuthall, tall, vigorous, spikes very long, strong and gaceful, glowing orange-pink with pale orange throat and a light feathering of carmine. Florets often six inches across, splendid substance and placement. Eight or more open at once, 25c each.

Canberra, large deep yellow, tall spikes, each 50c.

Coryphee, the largest and finest cream pink. Prize winner. 35c each.

Comrade, plum purple with a creamy throat, smoky shades, 50c each.

Heavenly Blue, everybody's choice in the violet blue class, 15c each.

Janet, medium height but a large flower of smoky, purplish red with a scarlet feather in the throat and an edge of gold, 25c each.

Krimhilde, lavender-pink flecked deeper pink, lower petals suffused yellow, 15c each, two for 25c.

LaPaloma, one of the very best in the orange class, 50c each.

Lavender Bride, very large smoky lavender, 15c each.

Lewis Hemon, interesting French novelty, red and yellow florets all arond spike, 20c each.

Marmorata, deservedly popular, large lavender-grey, smoky with a bright petunia red blotch, 20c each.

Mrs. Calvin Coolidge, popular pink prim with a yellow throat, 15c each.

Mrs. Van Konyenburg, lilac blue of good quality, 15c each.

Minuet, considered the best of the large flowered lavenders, 15c each.

Paul Pfitzer, velvety redish purple, darker than Purple Glory, 15c each.

Pfister's Triumph, one of the largest in the flame-salmon class, cherry throat, 15c each.

Tutanekai, a New Zealand novelty, smoky orange and brown, \$1.25 each.

Veilchenblau, deep violet blue of large size, 15c each.

Glad Group No. 5. Steves Originations

The following varieties are the originations of J. M. Steves & Sons, Steveston, B. C. They are new, very few American growers listing them. With the exception of the last named, prices are: large bulbs, 10c each, three for 25c, ten for 60c; mediums at half and smals at one-third this price. Commercial growers write for prices on bulblets.

Mrs. B. J. Steves, a fine basket flower of La France pink with creamy white throat.

Miss Jean Steves, large, pink, cream lower petals carry ing a red feather.

Steves Ruffled Bouquet, a whole bouquet of highly ruffled flowers in pink.

Steveston Campfire, oh boy! but here is a campfire red that dazzles under the sunlight.

Earl Steves, large crimson petals tipped darker, with large white blotch on lowers.

Viola Steves, an oddshade of lavender rose, yellow in throat wiith carmine penciling.

William Steves, monster flower of geranium red.

Steveston Beauty, one of the best bright pinks. Opens six large, perfectly placed florets, admired bv everyone, ruffled. Bulbs are inclined to be small. Single bulbs, 15c; two for 25c and ten for \$1.00.

All Season Bloomers

Last year we made up collections of what we called "All Season Bloomers" and sent them out to some of our old customers for trial. The collections were made up of equal numbers of

big bulbs for early bloom, mediums for mid-season and smalls for very late.

Everybody happy? Sure thing, so happy that this year we are offering the collections to all our customers. Mixed kinds and colors, some old-time favorites, some new, but all good. Plant these and have Glads all summer and fall.

Sixty "All Season Bloomers.....	\$1.00
One hundred	\$1.50
Five hundred	\$5.00
One thousand, express collect.....	\$6.00

The same mixture by sizes: Large bulbs, per hundred \$3.00; per five hundred \$9.00; per thousand \$16.00. Medium sized bulbs at half this price and small bulbs at one third.

Other Glads

Some old timers, some brand new. If interested in any of them, write us for prices. We have from half a dozen to a hundred of each and in some cases will be glad to quote prices on the entire stock. Some are not happy with us, but may do fine for you. Will be glad to tell you about them.

SEMIAHMOO
Originated By
Floyd C. Kaylor

Sem-i-ah-moo

Pronounced as spelled, accent on "ah."

This fine exhibition type Glad is tall, sturdy, dignified, of solid substance and perfect placement.

Exceptional keeper—we have had six perfect florets open 19 days after cutting. Our picture is from a fresh-cut medium bulb spike.

Predominating color, brownish purple with orange and maroon shadings. A faint smoky sheen over all adds to its beauty.

Semiahmoo opens up to ten florets with 10 to 14 still to come.

Growers who know Glads, say:

"Will throw all other dark smokies into the discard."

"Decidedly the best thing in its color class."

"To those who like smokies, this one will appeal."

Price for 1932, large, \$15.00; mediums, \$10.00; bulblets, \$2.00. With every large bulb, we will give free one blooming size Laughing Lassie and Laughing Laddie.

Laughing Lassie

Flowers, to me, express different emotions. Some are sad, some are dignified, some joyous. This one laughs. Iowa trial grounds reports it as exceptionally good, ruffled rose with pencilings of yellow. To me it is very bright, shining pink with yellow markings in the throat. Four to six good sized wide open florets facing one way on a good spike. Very fine for basket work and brings loads of cheer into any room. The most rapid multiplier we grow. Single bulbs \$1.00 or three for \$1.50.

Laughing Laddie

Haven't you often wished you had a Glad possessing all the good points of Crimson Glow, but of a deeper, darker red? Here it is. Sturdy spikes of good height with four to six wide open florets all facing one way with plenty of buds still to open. A rapid multiplier, blooms well from small bulbs. A good, reliable deep red that is greatly admired by everyone who likes a flower of this color. Single bulbs \$1.00 or three for \$1.50.

Dahlia Tubers

We do not grow a large number of varieties of Dahlias, preferring to carry only a few, but all of them exceptionally good ones. Unless otherwise noted, prices are 20c per single tuber; three of a kind, 50c. Our prices will be found very low, especially as we guarantee every tuber to grow. If it does not come up in three weeks, send it back and we will replace it.

Amun Ra, large, gorgeous, copper-orange to reddish bronze, 50c.

Alex. Walde (D) a big cream and gold flower with shadings of pink, 35c.

A. D. Lavoni, (S) deep pink, reliable.

Beauport Beauty (C) fine petaled salmon-pink.

Cigarette (S-C) very large, scarlet, tipped white at ends, 25c.

Chief Seattle (P) shell pink.

Coffee Ball (S) Rightly named. Large, beautiful light coffee color, a good bloomer.

Challenge (P) red and yellow.

Delice (D) pink.

Emma Marie (S-C) rose tinting to cream at high-crowned center, 35c.

F. W. Schief, orange.

Golden Queen (C) beautiful golden yellow.

Golden West (C) one of the largest and most beautiful golden cactus dahlias grown, 35c.

George Walters (S-C) rich, coppery old-gold, tinting to buff at center, 50c.

Hi Gill (P) golden yellow.

J. H. Jackson (C) deep maroon.

Jack London (D) brilliant bright red.

Jeanne Charmet, lavender, pink and white.

Jersey Beauty (D) a prize winner in any show, large, true pink on long stems, 35c.

Kremhilde (C) very fine, pink and white.

Millionaire (D) large, light lavender shading to white center, 35c.

Mrs. Carl Salbach (D) Its long, strong stems carry very large lavender pink flowers, 35c

Nibelungenhort (HC) large old rose, suffused golden apricot, 35c.

Oregon Sunset, (P) golden with reddish brown, 25c.

Perriot (C) long petals of amber, usually tipped white, 25c.

Prima Dona (D) light pink.

Pacific Sunset (P) big, loosely built flower of red, orange and yellow.

Rose Nell, bright rose of great merit, 25c.

Souvenir De Gustav Doazon (D) large, orange scarlet.

The Grizzly (D) large, rich crimson maroon, 35c.

Van Dyke (P) large, old rose.

White Swan, pom pom.

Collection. Ten tubers, at least five varieties, our selection, 75c. Twenty tubers, ten or more our selection, \$1.75.

Other Bulbs

Scilla, or Squills. Beautiful bell-shaped flowers, about eight inches high, blooming in May. Perfectly hardy. Blue and white mixed at 40c per ten.

Muscat—Grape Hyacinths. Clusters of blue flowers shaped like a small grape, 40c for ten.

Crocusses. The first thing to bloom in the spring. Lavender-blue. 25c per ten; \$2.00 per hundred.

Celechicum, or Fall Crocus. Blooms in August without water or soil and may then be planted out doors where it will throw up leafage the following spring. Will last for years if left in the ground. Each 25c.

Spanish Iris. Deep, dark blue of good height. Per ten bulbs, 60c; 100 at \$3.00.

Seeds

Last year's crop harvested from our own fields therefore fresh and full of pep. Large packets 10c each and six for 50c.

Poppy, annual peony-flowered.

Poppy, Iceland, white, yellow and orange.

Siberian Wallflower, biennial, profuse bloomer of orange sprays.

Lupins, seed from our special plants.

Snapdragon, from a tall and beautiful pink variety.

Delphinium, seed saved from our best plants.

Gladioli, seed from choice varieties.

Sweet Wivelsfield, a new biennial; a cross between Sweet William and Dianthus. Many colors mixed. Package, 25c.

Hardy Perennials

Make a perpetual flower garden; one that once planted, will last for years and give a wealth of beauty the whole season thru. Large, blooming size plants, 25c each unless otherwise noted. Divisions and medium sized plants will require a year longer to reach maximum production, otherwise, just as good, are half this price. In all cases, three plants for double the single price. Delivery October to April 15.

Aubrietia, dainty and beautiful rock or border plant, blooming over a long season. Is of spreading habit and forms a carpet of green leaves above which the many lavender-violet blossoms show.

Arabis, Alpine flore pleno, Double Rock Cress. Double pure white flowers produced in masses. Fine border or rockery plant.

Rudbeckia (Golden Glow) grows five to seven feet high with large golden flowers, increases rapidly and makes a fine background.

Cerastium, Tomentosum, Snow in Summer, silver-green foliage, retains its color in winter in the border or on rock walls. Dense masses of white flowers early in the spring give it its common name.

Campanula, Pyramidalis alba, or Chimney Bellflower, four to six feet tall spire-like spikes covered with white bell-shaped flowers.

Carnations, hardy white.

Columbine, the true Rocky Mountain, long spurred, blue and white.

Coreopsis, large golden flowers on long stems, fine for cutting, blossoms all summer if cut. 15c and 5c.

Carpathian Harebell, another creeping rockery or border plant of great value. Throws up a tuft of bright green leaves covered, over a long season, with cup-shaped blue flowers on eight inch stems.

Delphiniums, one of the most popular of the hardy perennials. The strain we grow is the result of careful hybridizing with the ever popular Wrexham as the foundation. Bloom in June and July and if the tops are then removed, will give a second crop of flowers in September. Some of our plants reach a height of eight feet. They come in colors running from light blue to deep blue with shadings of lavender and purple. Large two year old plants 25c and 50c each. Divisions and one year plants, ten for \$1.00.

Gailardia, large showy, dark red and yellow long stemmed flowers, 15c and 5c.

Hollyhocks, we have developed a large peony-flowered double pink hollyhock that is admired

by everybody. Grows to 12 feet with floral sprays six or more feet. Single plants 25c.

Hemerocallis (Day Lily) throws up a long stem bearing lemon or apricot colored, lily-like flowers. Either color 15c and 5c.

Hardy Chrysanthemum, we have these in deep yellow, pure white, bronzy red and several shades of pink.

Helianthemum, rock or sun rose, evergreen rockery or border plant 12 inches high, covered, during summer with white or pink flowers shaped like a small single rose. Either color.

Incarvillea, hardy gloxinia. Large, deep rose colored flowers in June on spike two feet high. A decided novelty.

Linum, Perennial Flax, lovely blue flowers on 20 inch high airy ornamental plant.

Lychnis (Maltese Cross) an old time favorite, bright red Maltese Cross shaped flowers.

Lupins, long spikes of sweat-pea shaped flowers in shades of blue and pink, blooming over a long season.

Philox, large dome shaped trusses of white; fine for making a spot of snowy whiteness.

Platycodon (Balloon Flower) the balloon shaped buds open into beautiful cup-shape white or blue blossoms.

Poppy (Oriental) immense brilliant orange and black flowers on long stems, blooming in early summer, 15c and 8c.

Physalis, Chinese Lantern Plant. Orange-scarlet lantern-like flowers which, when cut, retain their size and coloring all winter.

Primula, evergreen rosettes of thick leaves thru which flower stems six inches high arise. Flowers are in clusters and come in shades of red and yellow.

Pyrethrum, Painted Daisy. The long stems, bearing wide-open daisy-like florets in a variety of colors, make ideal cut flowers.

Stokesia, Stokes Aster. Large lavender-blue aster-like flowers from June until October.

OURS BLOOMED

"The Narcissis bulbs I bought of you last season bloomed nicely. I bought some bulbs of another grower and they just showed above the ground but did not bloom. It is the same story with the Candidum Lillies—those I received from you are going to bloom, while those purchased from another firm failed to come up."—Mrs. A. _____, Idaho.

German Iris

The "poor man's orchid," becoming more popular in home gardens every year. They bloom in late spring and like lots of sunshine. Will do well in rather poor soil and come in many beautiful and delicate colors. Plant July to March. Unless otherwise noted, our plants are 10c each; three of a kind, 25c; ten of a kind, 65c.

Alcazar, tall, smoky light blue with deep purple falls, 20c.

Ambassadeur, very tall, smoky bronze with dark maroon falls, 35c.

A. E. Kundred, bronzy yellow tinged magenta, fragrant, 20c each.

Argynnus, yellow, falls dark violet carmine, 75c.

Dream, lovely pink-violet, 25c.

Eldorado, a blending of bronz, heliotrope and purple.

Flavescens, sulqhur yellow, sweet scented.

Florentina Alba, or Silver King, early, white, flushed lavender, fragrant.

Her Majesty, tall, late, soft rose and red.

Iris King, Old gold and velvety crimson, 20c.

Isolene, light lavender, falls much deeper and veined yellow at base, 15c.

Juniata, very tall, clear blue, fragrant, 15c.

Mary Gibson, tall, light bronze, falls old rose and bronze, distinctive, 75c.

Mrs. Neubrunner, dwarf, golden yellow.

Medrano, rare dark smoky claret, large, late, 20c.

Mithras, yellow and wine red, edged gold.

Pallida Dalmatica, tall, sturdy plant of lavender blue.

Perfection, light blue and dark violet.

Purple King, blueish mauve, falls edged reddish purple, 15c.

Quaker Lady, very tall, smoky lavender with deep purple falls.

Queen of May, light mauve, falls deeper, early, 15c.

Rev. A. H. Werte, purple and purple bronze.

Seminole, soft violet-rose, falls crimson, 25c.

Susan Bliss, very tall, uniform shade of deep rose-pink, 40c.

Walhalla, lavender and wine red.

W. J. Fryer, bright yellow, falls maroon, 20c.

Collection—10 roots, at least six varieties, 60c.

Two collections—20 roots, \$1.00. Early fall delivery.

Beautiful Peonies

Peonies are not finicky about conditions under which they grow. They like fertile soil and good cultivation, but once established, will hold their own and give beautiful flowers and foliage throughout the season. Plant from September to the middle of March in deeply worked soil with not to exceed two inches of soil above the crown.

We offer two sizes. Large three to five eye divisions ready to bloom, and mediums which may require a year longer. We have a large planting and prices have been reduced. Five plants of a kind at four times the single price. Prices quoted are for large plants. Medium sizes are three-fourths this price. Order early if for spring planting.

Adolphe Rousseau, one of the best of the early dark red kinds, large flowers on strong stems, dark green foliage with a tinge of red on the stems. 60c.

Augustin D'Hour, a large, mid-season red of the bomb type, fine cut flower, 75c.

Benjamin Franklin, early midseason, rose type flower of brilliant crimson with dark shading at base of petals. 75c.

Chestine Gowdy, late midseason, considered the best of the cone-shaped peonies. Guards of silvery-pink surrounding a tier of creamy-yellow petals, while the center is a ball of pink. \$1.00.

Clara DeBoise, late, immense, soft pink, ball-like flowers tipped silver white. 60c.

Chas. McKillip, midseason, semi-rose form. Bright red of American Beauty shade. Large, loosely built. \$1.25.

Festiva Maxima, the most popular of the white varieties. Large with center petals tipped red. 50c.

Felix Crousse, late mid-season, bomb type of clear brilliant red. Very fine for cutting. 60c.

Gismonda, late, requires two years to reach its perfection of large, rose-type flowers in rosy-white and pink, very desirable. 50c.

Mary Brand, another very fine midseason crimson with a silvery sheen that gives it great brilliance. \$1.00.

Modeste Guerin, guards deep rose pink, center petals tipped lighter. High crowned bomb type. Early mid-season. Fragrant. 50c.

Mons Jules Elie, early globular-crown type. Flowers are so large that it is best to stake the plant. One of the very best. \$1.00.

Officinalis Rubra Plena, the big bright red peony that is almost sure to produce its wealth of bloom at Decoration Day. 75c.

Philomele, pinkish rose and amber yellow, changing to white as flower fades. \$1.00.

Rubra Surperba, late, medium size dark red of rose type. Fragrant, does not fade. 60c.

Umbellata Rosea, early, medium size rose type, broad violet-rose guards, center amber white. 60c.

Venus, Midseason, high crown type of clear hydrangea pink with collar of flesh-pink petals surrounding center. 75c.

For delivery in the fall of 1932 we will have the following and will be glad to quote prices: Avalanche, Baroness Schroeder, Cherry Hill, Eugine Bigot, Karl Rosefield, Lady Alexander Duff, Milton Hill, Martha Bullock, Phillippe Rivorie, Reine Hortense, Solange, Therese.

Lost Name Poenies

Different kinds of soil and climate produce a wide variance in the bloom of Peonies. We have a large planting of good pink, white and red varieties of which we have lost the names. If you want Peonies and are not particular about knowing their names, here is your chance at a bargain. Five large roots, three colors, for \$1.00. Or five mediums for 75c.

Stately Lillies

Every garden should have lillies. No matter what your soil condition, there are lillies that will do well for you. Once planted, they remain for years, growing larger and better every year.

Large bulbs 25c each; mediums 20c; ten at eight times the single price.

Candidum. Also known as Madonna and St. Joseph's. Four to six feet tall, bearing spire-like clusters of pure white flowers in June and July. Plant two inches deep July to October.

Regal. The most universally grown and popular lilly in commerce. Does well everywhere if planted seven inches deep in well drained soil. Large trumpet shaped flowers of creamy white with a golden throat and light maroon back. Ten to twenty flowers on each stem and blooms in July. Plant November to April.

Tiger. The big orange lilly that is a success everywhere. Plant October to March.

Elegans-Umbellatum... These two varieties are so much alike, we have given up trying to draw a line between them. Easy to grow. Height 18 to 30 inches with four to six large cup-shaped orange flowers. Bloom in June. Plant September to March 15.

Tulips

When the Tulips bloom, I am convinced they are the most beautiful flowers in the garden. This opinion holds good until the Glads come on, and then I am not so sure. If you could see our Tulip fields at blooming time you could well understand why I "get that way." Thousands upon thousands of blossoms in gold, bronze, pink, lavender, and almost blue and black. Come and see them about one mile east of the Peace Arch on the Washington-British Columbia line.

Altho Tulip orders are filled from August 1 to late in November, most orders are placed during blooming season. Because of this, we list them in the spring catalogue. Rather hard at this time to tell what prices will be. Ours are so low that if they go lower we will guarantee to make such reductions good to our friends.

Large bulbs are regular jumbos and are best used for forcing in the house. Mediums are the sizes you have been getting from dealers who import from Holland and are really better sizes for planting out doors for spring bloom. We believe we have the best Tulip land on earth—some claim, but let us prove it.

Orders placed prior to July 1 can be sent C. O. D. if you so desire.

Abbreviations used are "D" Darwin, "C" Cottage, "B" Dutch Breeder.

The following varieties are 10c each, three of a kind, 20c; ten of a kind, 50c; 100 of a kind, \$3.75.

Bronze Queen, B, properly described by its name—very large.

Bouton d'Or, C, largest deep yellow tulip we grow.

Baronne de la Tonnaye, D, carmine-rose and pink, edges tinged blue. Good forcer.

Clara Butt, D, clear salmon-pink, very popular.

Centenaire, D, immense rich violet-rose with blue center.

Europe, D, glowing salmon-scarlet.

Gesneriana Rosea, C. deep rose of fine quality.

Inglescomb Yellow, C, one of the most popular yellow tulips of the Darwin type.

King Harold, D, deep red, blue base.

Lee San Parelle, Bybloem, mottled red and yellow—odd.

Madame Krelage, D, bright rosy lilac with silvery margin, large and sturdy.

Pride of Harlem, D, immense brilliant deep rose on very long stem.

Princess Elizabeth, D, soft rose, toning to silver at edges.

Prof. Rauwenhoff, D, bright cherry red, blue base.

Rev. Ewbank, D, soft lavender-violet, shaded silver-gray.

Wm. Pitt, D, very large dark crimson and purplish-brown.

Wm. Copland, D, lilac-rose. Good forcer.

The following tulip varieties are 12c each or ten of a kind for 75c.

Andre Doria, deep velvety maroon with black base.

Bartagon, D, firey crimson, white base.

Farncomb Sanders, large, bright scarlet with white base.

La Tulip Noire, D, so deep a red it is almost black.

Mrs. Moon, C, deep golden-yellow.

Maiden's Blush, Pickottee, long, clear white, edges pink.

Ouida, D, a very fine scarlet.

Parrots, mixed colors, odd, ruffled edges.

Princess Julianna, D, blending of salmon, orange and scarlet.

Scarlet Beauty, D, firey scarlet, holds its color well.

Velentine, fine soft heliotrope, early for a Darwin.

The following varieties are 15c each or ten of a kind for \$1.00.

Apricot, B, bronzy-buff and deep apricot, olive-green base.

Afterglow, D, deep orange suffused salmon.

City of Harlem, D, one of the finest dark scarlets.

Feu Brilliant, D, a most beautiful firey red.

Prince of Orange, B, terracotta-brown, shaded yellow.

Queen Alexandria, B, yellow, flushed lilac-brown at edges.

Of the following varieties we have limited stocks, but will gladly quote prices:

Prince of Netherlands	Lucifer
White Queen	Anton Mauve
Plutarchus	President Taft
Bacchus	Louis XIV
Pluto	Allard Pierson

Mixed Tulip Bargain

Tulips, like other bulbs, get mixed in storage. We do not try to segregate them, but offer them at ten for 50c; 100 for \$2.50; 1,000 for 18.00. Medium size at three-fourths this price. All are good varieties.

Narcissi

Are Washington bulbs better? Years of experience and experimenting with bulbs grown in other parts of the world leads us to state they are. Testimony of our customers in many parts of the United States confirms this statement.

Western Washington offers a wide variety of soils from the lightest sand to the heaviest clay. Plenty of moisture, no excessive heat to force ripening of Narcissi and Tulips. Long spring and summer days help in producing bulbs of exceptional high grade. Inspection rules are very rigid so that the customer who buys here, is well protected, and is sure to receive stock that will give satisfaction.

Orders may be placed any time. Deliveries will be made from August 1 to late in November. Advance orders are always filled early. Prices are for large, first quality stock. Medium sizes are three-fourths these prices.

Alba Pleno Oderata. The last Narcissus to bloom. Plant for Decoration Day. Highly scented double white flowers on long stems. Per ten, 75c; per hundred, \$3.50.

Barri Conspicuus. Mid season, long stemmed, large yellow with bright red cup. Per ten, 60c; per hundred, \$4.00.

Emperor. A most popular large yellow trumpet, long stems, good keeping qualities. Per ten, \$1.00; per hundred, \$8.00.

Glory of Sassenheim. One of the best bicolors. Long, golden trumpet, white perianth. Per ten \$1.25; per hundred \$10.00.

Golden Phoenix. Rose type, double yellow. Easily grown. Per ten, 60c; per hundred \$5.00.

Poeticus Ornatus. White perianth, saffron cup, tinged scarlet. Very early. ten for 50c; 100 for \$4.00.

Recurvus, or Pheasant's Eye. White with brilliant crimson center. Long stem, fine for naturalizing in grass. Per ten, 50c; per hundred, \$3.50; per 1,000, \$25.00.

Double Von Sion. All yellow double trumpet of large size. Per ten, 75c; per hundred, \$6.00.

Mixed. Here is a bargain in medium sized Narcissi bulbs for planting in masses under trees or where they can remain undisturbed. Several varieties mixed at \$2.75 per hundred or \$22.00 per thousand.

Hardy Shrubs

Buddleia, Butterflybush, usually listed as a hardy perennial, but in this country grows into a tall and bushy shrub covered with long, gray-green leaves and many lilac-colored sprays of flowers. Has a perfume like honey and will bloom all summer if kept cut. Large plants 50c, mediums 25c.

Berberis, Japanese Barberry, grows a bushy, pyramid-shaped shrub some four to six feet high. Bright green leaves in summer which turn red in early August. During the winter the reddish branches bear bright red berries. Plants 25c, 50c and \$1.00. Larger plants by express collect.

Cotoneaster, Simonsi, bushy shrub growing up to eight feet tall and as much in diameter. Leaves fall after the first hard freeze showing gray-green branches bearing thousands of bright red berries. A brilliant outdoor winter bouquet. Plants 25c and 50c and a few extra large specimens at \$1.00. Extra large by express, collect.

EIGHTEEN FLOWERS ON ONE BULB

"The Colchicum you sent me last fall had eighteen lovely blossoms on it and is now (spring of 1931) throwing up a broad leafed plant just as you said it would. I surely enjoyed the Glads and did not loose a single one."—Mrs. K_____, Washington.

A Rose Bush Bargain

Still have a few own root rose bushes and while they last you can have them at 25c each for a large two-year old, or five for \$1.00. Varieties are Mme. C. Testout and Druschki in bush roses and in the climbers, Dorothy Perkins, Van Fleet, American Beauty, Hiawatha and Barbier. All good, reliable kinds.

Strawberry Plants

Plants from a very choice strain of the Marshal variety. Always the leader on the Puget Sound markets. Twenty-five plants, 50c; 100 plants, \$1.50; 1,000 plants by express collect, \$5.00.

Trees

American Elm. The greatest of American shade trees, growing to immense size. Four to six foot trees 75c each at the nursery.

American Black Walnut, slower grower than the Elm, but reaches the same large size and beauty. 18 to 24 inch trees, 75c each at the nursery.

Box, slow growing evergreen used in landscape work, 10 to 15 inch trees, 50c each.

Virginia Juniper, pyramid shaped trees reaching a height of forty feet. Dense foliage which in early spring is a fresh blue-green and in winter takes on a reddish cast. 15 to 18 inch trees, 75c each at the nursery.

Red Gravenstein Apple

Several years ago an orchardist on one of the San Juan Islands noticed that one limb on one of his Gravenstein trees always produced apples of a much deeper red than did the rest of the tree. Not only were the apples higher colored, but they had better keeping qualities and a superior flavor. The apple was named "Red Gravenstein" and more than made good in other localities. We have a few four to five foot trees at 75c each at the nursery.

OURS AS GOOD—COST LESS

"The bulbs came in splendid condition and were perfectly satisfactory. Had an order from _____ (one of the largest firms in the U. S.) the same day. Paid a big sum for them and yours compared very favorably with them in size."—Mrs. C_____, Texas.

If you figure the discounts, you will find our prices are very low.

Some Bargains In Collections

One Hundred Glad bulbs, 15 varieties, bagged and labeled separately, \$1.25. Other houses ask from \$2.00 to \$4.00 for collections of ten varieties. Not the largest sizes but all will bloom.

Lost Name Peonies

Different kinds of soil and climate produce a wide variance in the bloom of Peonies. We have a large planting of good pink, white and red varieties of which we have lost the names. If you want Peonies and are not particular about knowing their names, here is your chance at a bargain. Five large roots, three colors, for \$1.00. Or five mediums for 75c.

German Iris

Collection—10 roots, at least six varieties, 60c. Two collections—20 roots, \$1.00. Early fall delivery.

Mixed Tulip Bargain

Tulips, like other bulbs, get mixed in storage. We do not try to segregate them, but offer them at ten for 50c; 100 for \$2.50; 1,000 for 18.00. Medium size at three-fourths this price. All are good varieties.

Be sure to read Terms and Discounts before sending your order.
